ABOUT US

We are a construction company founded in 2019 in the city of Saltillo, Coahuila, by Engineer MC Rodrigo Oyervides Moreno, who has developed constructions throughout the country and has extensive experience in the industrial, urban and housing sector.

MISSION

To provide construction, maintenance and infrastructure services, always satisfying each of our clients' needs to make their projects successful and contribute to the growth of the country.

We are committed to the safety of our collaborators, quality and cost in the works to be executed, as well as the fulfillment of established times and agreed with our clients.

Establish a continuous improvement plan in which we apply our knowledge and teamwork to create a work environment for all parties involved in the projects of our company.

VISION

To be a leading company in the construction industry and position ourselves among the best construction companies in México. To ensure that our staff is always motivated and committed to their responsibilities in order to provide better results in each of its activities contributing to the success of the needs of internal and external projects of our company.
